Sunday, January 4th @ 8:00pm
Monday, January 5th @ 8:00pm
Magno Screening Room, 729 7th Avenue at 49th Street

Famously leading a motley group of scholars, linguists, chess champions and intelligence officers, Alan Turing (Benedict Cumberbatch) was credited with cracking the so-called unbreakable codes of Germany's World War II Enigma machine. An intense and haunting portrayal of a brilliant, complicated man, "THE IMITATION GAME" follows a genius who under nail-biting pressure helped to shorten the war and, in turn, save thousands of lives.
