It's with a very sad heart I have to tell you that my Mother, [redacted], is now part of the Hospice Program. She is still at home and they are making her comfortable. It's been a tough and brave battle for her, and please say a prayer for peaceful and pain-free last days.

Thank you for all your love, support and kind words.

Also, the production company that was doing my talk show wasn't able to conquer this economy and has gone out of business (words can not express how bummed I am). So, I won't be going to NYC - God works in mysterious ways.

Lots of Love, [redacted]
