Hi [REDACTED],

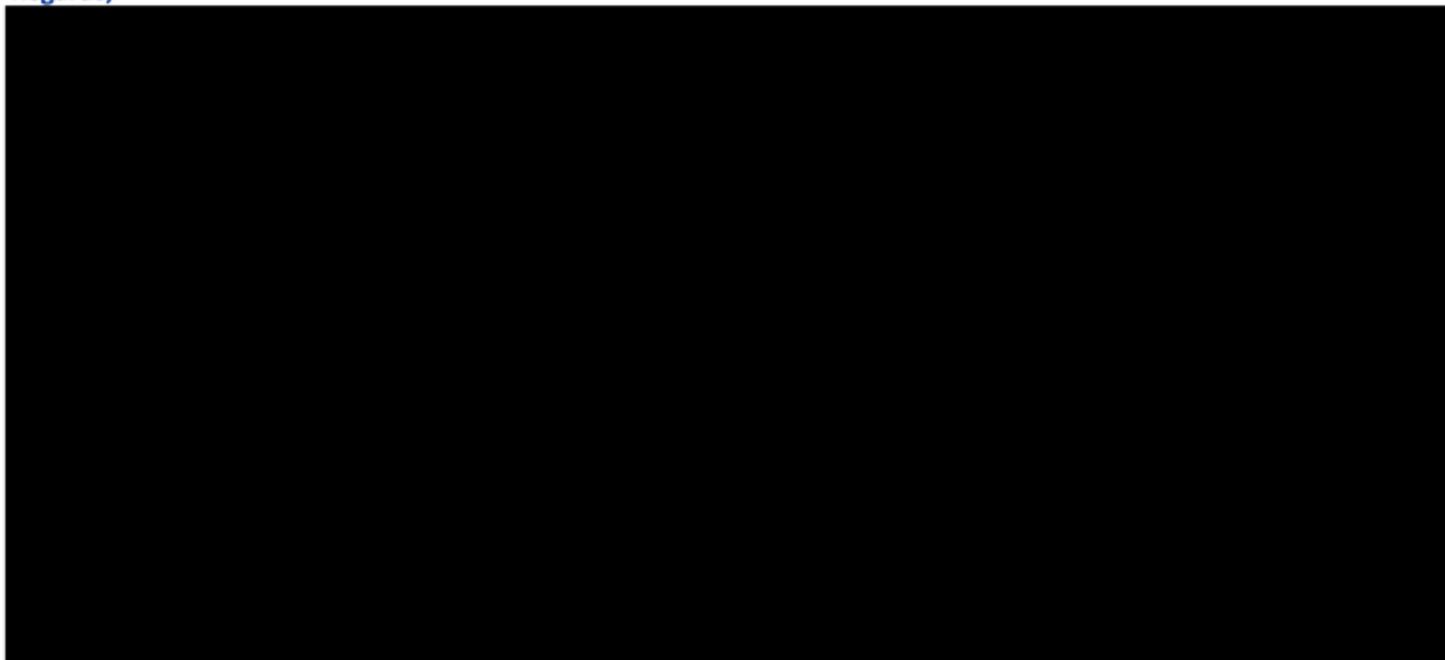

I just double checked and I made a clerical error on the effective date when I updated the pdf. The effective date Margie and signatures set forth was 11/20/19. I have attached an updated copy. Although this only gives an extra day that happens to be Sunday, I don't think that is enough time either given the questions/opinions they are asking. I am not sure how the seller would feel about an extension. At the last moment, I was asked by Margie to shorten the due diligence and inspection period by 5 days so that everything could be expedited. How many days for an extension should we ask for so you have time to answer those questions?

Thank you [REDACTED]! We will commence our title due diligence immediately as I've noted that the effective date of the P&S was 11/19 (even though seller did not sign until 11/20?) and we only have 10 days for title due diligence. The buyer would like us to provide an opinion and research with respect to easements/covenants on the subject property and

they would also like to learn about the rules for hunting on the property. Additionally, they would like us to check with the Town of Bradford planning board to see if there are any pending applications for anyone in the vicinity to build something that would impact their peaceful enjoyment of the property. Ten days from 11/19 is Friday and we are closed Thursday and Friday this week so I'm keeping my fingers crossed but not quite sure that we can have this all completed by tomorrow. I hate to ask for an extension but I really think we need one...not for the closing but for the paragraph 15 due diligence...Before we ask, what do you think the chances of the seller granting may be?
