Family Office exemption: "Family office" means an undertaking that has been established by a pre-existing group of family members exclusively for the investment of their private wealth. "Pre-existing group" means a group of family members, irrespective of the legal structure that may be put in place by them, to invest in an undertaking and provided that the sole ultimate beneficiaries of such structure are family members, where the existence of the group pre-dates the establishment of the undertaking. The definition of "pre-existing group" does not prevent family members from joining the group after the undertaking has been established. "Family members" means the spouse of an individual, the person who is living with an individual in a committed intimate relationship, in a joint household and on a stable and continuous basis, the relatives in direct line, the siblings, uncles, aunts, first cousins and the dependents of an individual.
