Work Summary:

I arrived at 250 S. Australian Ave, W. Palm Bch at 0655 hours and called the permit line and reported my arrival. Epstein arrived at the office at approximately 0715 hours. He had one female visitor during the morning and she registered on the sign in log. At 1149 hours we departed the office and arrived at 1200 hours at his residence at 358 El Brillo Way, Palm Beach. I backed into the drive way and provided security to prevent unwelcome guest from entering his property. I did not go into the residence. No one attempted to enter the property during the house visit. At 1431 hours he departed the residence enroute to the office and arrived at 1444 hours. He returned to the office and I waited for my relief to arrive. At 1455 hours I briefed my relief of the morning activities and turned the detail over to him.
I contacted SGT W. Lawrence to get some clarity of the duties and responsibilities while at the residence. He stated the function is to provide security.
