Information about Number Portability  
Beginning November 24, wireless customers in some markets may be able to switch wireless providers while keeping their current wireless number. So, if your friends or family want to switch to AT&T Wireless, they may be able to switch without losing their current wireless number. If we receive a request to transfer your number to another wireless provider, we will treat that as a notice from you to terminate service for that number. Although we will honor a valid request to transfer a number as soon as possible, you will be responsible for all charges and fees through the end of your billing cycle, including any applicable early termination fee.
