MicrosoftUC: [REDACTED] (2018-04-05T12:28:20-0400): hi Zack

MicrosoftUC: [REDACTED] (2018-04-05T12:28:48-0400): can you update me on the timeline now for Southern Financial pls for both Credit Derivatives and GED? on GED we need to have them be onboarded so they face DBAG correct?

MicrosoftUC: [REDACTED] (2018-04-05T12:31:29-0400): Hi Martin

MicrosoftUC: [REDACTED] (2018-04-05T12:32:06-0400): GED is already open out of DBSI. Last I spoke to Xavier he said he will check if he also needs GED out of DBAG.

MicrosoftUC: [REDACTED] (2018-04-05T12:33:29-0400): RE timeline, its hard to say. We have all KYC in place but since it is a high risk client there are many checks in place with verification and AFC.

MicrosoftUC: [REDACTED] (2018-04-05T12:33:43-0400): The analyst is pushing them to all the teams and its up to them to review.

MicrosoftUC: [REDACTED] (2018-04-05T12:33:51-0400): I would say at best EOD tomorrow. If not, early next week.
