Kindly advise in case the above RP's are incorrect? The reason for this query is that in the previously approved KYC (#01777384), Leon Wagner is NOT added as an RP and I want to be sure about this before proceeding. I am sure of the above identified roles of Leon are correct, as per the constitutional docs of the LP & LLC entities involved in this account holder.

In the meantime, I have raised BIS requests on all RP's (except Leon) on newly launched KYC Case#01955190 today. Will get back to you once the DDQ requests are complete.
