

- 1) As per the 2015 Form 990 (attached to the KYC by AFC), BV70 LLC donated \$10MM to this foundation and thus making them a "significant Donor". We need to fully KYC this entity. Please provide the required documentation and information.
- 2) Please provide ExCo approval as this is now an EDR.
- 3) Please provide the FinCEN form.

For a charity (whether constituted as a trust, foundation, corporation or otherwise), we will regard founding donors contributing more than 25% of the initial funds (more than 10% for high risk) as UBOs, together with significant donors responsible for more than 25% of annual donations – more than 10% for high risk) where we become aware of them. Where the long-standing existence of the charity demonstrates its present wealth not to be reliant on that contributed by a deceased founding donor, then this should be evidenced and documented and the founding donor should not be treated as UBOs.

Thanks in advance for helping with this.

Kind Regards,

Vijay Sawant
