For Your Information

On June 5, 2014, the European Central Bank (the "ECB") introduced "negative interest rates". This negative interest rate applied to all deposits held at the ECB and other credit institutions.

Effective February 1, 2015, the negative interest expense on any euro deposits will be charged to your account. The initial interest charge will be -.20% (20 basis points), and will reflect on your account statement as "Free Credit Balance Interest Charge". The interest will be reported on your Forms 1099 and/or 1042-S for tax year 2015. These rates are subject to change in response to market changes, and we may, in the future and based on our normal interest rate setting arrangements, begin to charge negative interest rates on additional foreign currency balances.
