That's great – thanks for your help on that.

Hey Davide,

Good news on Southern Financial- they're on the DDR and the collateral will be visible imminently. Just wanted to see if the banking team was able to provide you with the other info / docs for PW and Lamia? Thx.

Yes, happy to take point here.

Like Xavi mentions, I'm also not sure what PCR and RDC refer to – can you please clarify and I'll provide for the accts below?

Thank you,  
Davide
