Dear Tanu,

Apologies for the delay. Here is the KCP EMEA input.

I have sorted for KCP EMEA – GM – All colours except green (column J / not sure why column I is different) + added a comment field.

In short 15 cases – 8 in different booking location not needed, 3 with no action required (colour pending), 2 wrongly on the list (already offboarded),
 Reuben showing red also you confirmed green on 27/7

The only action to be taken is for Dunross - can you please let me know in which format you need Raphael's confirm (via email?) and I'll get this to you shortly.

Thanks
 Max
