Hi Nina,

I asked for confirmation on the attached email that I sent to you and separately you had said you will dig out Xavi's email for the red list client approvals.

Best,

**Subject:** Red List

Hi Tanu,

Hope all is well.

I was made aware that the red list where we need help from ICG to execute trades its being held up by the US. I have provided this list a while back and from our conversation a week or so ago I recall you saying that you were going to send me the list you had to I can review and see if I need to add anymore. Please advise the next step.

Thanks

Kind regards,
