Hi Xavier

The GB adoption location is Red across all business but this is CIB Green for the US adoption location -- as one of the businesses has asked to retain this. @Jane please confirm which business asked to retain?

In these instances, the GM products will not be offboarded if another business has asked to retain and the KYC/ACO responsibility sits with that business.

However, please also be aware that this is a High Risk client which is KYC deficient and was last reviewed in 2015.

Please let me know if any other questions.

Kind regards,

Thanks Monica, did we hear anything back? The client is asking questions and we have no clear answers or timeframe to give him. Thanks
