

**Martin** – Please confirm we don't need SF to be extended for anything else besides credit derivatives and the products already onboarded.

Thank you

Hi Xavier,

Nothing else is needed from your end at the moment. I will send this request to the KYC team for review and then setup. Can you confirm Credit Derivatives is the only necessary extension? I know Convertible Bonds were also in the discussion.

I see the BR 1007494283 set up for a decent amount of products already. See below.
