Why don't you just look at your existing clients, and have the back office send you the SIC codes for those similar to SF/ST? Have them mimic the one for JAWS, as it's the same kind of client. Hopefully, we can finally bring closure to this.

Hi Roddy,

Joe is on his MTA and I spoke with Caleb and Andy and they both do not know. Any other ideas?

Best,  
Ari

It's my understanding that this is part of onboarding. Have you tried Caleb or Joe?

Hi Roddy,

I just spoke with Ellenoi and Mary Davitt and they do not work with SIC codes. Do you know who else could provide this information?

Best,  
Ari
