Selected historical combined financial data

The following table shows selected historical combined financial data at the dates and for the periods indicated. The selected historical combined financial data as of and for the years ended December 31, 2013 and 2014 has been derived from the predecessor audited combined financial statements of our accounting predecessor included elsewhere in this prospectus. The selected historical combined financial data and balance sheet data as of March 31, 2015 and for the three months ended March 31, 2014 and 2015 have been derived from our unaudited condensed combined financial statements included elsewhere in this prospectus, which include all adjustments, consisting of normal recurring adjustments, that management considers necessary for a fair presentation of the financial position and the results of operations for such periods. Results for the interim periods are not necessarily indicative of the results for the full year. The predecessor combined financial statements as of and for the years ended December 31, 2013 and 2014, and as of March 31, 2015 and for the three months ended March 31, 2014 and 2015, are intended to represent the financial results of SunEdison's contracted renewable energy assets that will be contributed to Global LLC as part of the Contributed Projects.

The following table should be read together with, and is qualified in its entirety by reference to, the predecessor audited and unaudited combined financial statements and the accompanying notes appearing elsewhere in this prospectus. Among other things, the predecessor combined financial statements include more detailed information regarding the basis of presentation for the information in the following table. The table should also be read together with "Management's discussion and analysis of financial condition and results of operations."
