Independent auditor's report

The Board of Directors
SunEdison Energy Southern Africa Proprietary Limited

Report on the financial statements

We have audited the accompanying combined financial statements of Core Energy (RF) Proprietary Limited and Erika Energy (RF) Proprietary Limited, which comprise the combined balance sheets as of December 31, 2014 and 2013, and the related combined statements of operations and comprehensive income, invested equity, and cash flows for each of the years then ended, and the related notes to the combined financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of Core Energy (RF) Proprietary Limited and Erika Energy (RF) Proprietary Limited as of December 31, 2014 and 2013, and the results of their combined operations and their combined cash flows for each of the years then ended in accordance with U.S. generally accepted accounting principles.
