Vahe,

There seems to be some questioning around the settlement instructions that we are being asked to add to the clients account here under DBSI.

The static data team believes that a callback needs to be done although these are DB instructions to the clients PWM account.

Can you please clarify this.

Thanks

Kind Regards,

Mrs. Anastasia Pringle

Hi Anastasia – please find below USD instructions per our conversation.
Note these cash instructions are to the client's DB AWM account.

Bank of NY
