Hi Stewart,

Here is a file which I retrieved from GMIS for the period 2014-2016. I pulled all client accounts which were assigned to either you or Paul Morris. The only team information available at that time has you assigned as the team.

Please review and let me know if it's what you are expecting.

Best Regards,

Leslie

Leslie,

I'm trying to compile my GMIS revenue data going back to 2014. I was teamed up with Paul Morris for much of that time, so some of the older revenues are likely listed as a team while more recently it would be individual. Is this something you can send me? Thanks

By year, here's how I think the data may be broken out:

2014 – Paul Morris individual and Morris/Oldfield joint  
2015 – Morris/Oldfield joint  
2016 – Morris/Oldfield joint and Oldfield individual  
2017 – Oldfield individual (I have this data already)
