it is hard for me to get out and do lunch especially during summer as i take off many fridays and or mondays
can meet at my office or do call this week or next
thanks

Rich,

I would like you to meet Joe Dursi who runs our investor solutions group whenever it's convenient for you. His team did the work on those preferreds we talked about and will be much more focused on our generation of trade ideas going forward. Can you get out for lunch this week (other than Friday)? Hope all is well
