Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.
