Classification: **For internal use only**

Need to decide who should attend in the blank slots. I have to run but will circle back early tomorrow on this.

Can you pull together a spreadsheet that shows the people I listed to invite to Frieze, Formula 1 and the Napa event? And include the names below for US Open as well. I'm trying to prioritize them appropriately and send only one email to any client with a list of potential events rather than sending them a bunch of emails. Thanks
