Stewart,

Rates have been added for the deposit accounts. Some of the rates you had listed were incorrect. I added another tab to the sheet with other deposit accounts assigned to you as well.

Feel free to give me a call with any questions. Thanks.

Rob

Attached is the spreadsheet of all accounts including account type, current (cash only) balances as of today, and interest rates. I've added a column for notes to distinguish the cash within the brokerage accounts. Let me know if you need anything else 😊

Kind regards,

Cynthia Rodriguez
