

Siris Disclaimer

This confidential presentation (the "Presentation") is being furnished upon request and on a confidential basis for the purpose of providing certain information about Siris Capital Group, LLC ("Siris"). Any dissemination, distribution, copying or other use of this Presentation is strictly prohibited, and each person accepting this Presentation is deemed to agree to the foregoing, to keep confidential all information contained herein, and to return it (together with any copies) to Siris promptly upon request.

This Presentation is for information and discussion purposes only, and does not constitute an offer to sell or a solicitation of an offer to purchase interests in any private investment fund (each, a "Fund") formed or that may be formed by Siris. Any such offer or solicitation shall only be made pursuant to the final confidential private placement memorandum of the applicable Fund (the "Memorandum"), such Fund's limited partnership agreement (the "Partnership Agreement") and such Fund's subscription documents, which will describe certain risks related to an investment in such Fund as well as other important information about such Fund, in each case as and when available. The information, including any summaries, set forth herein does not purport to be complete and is subject to change. This Presentation is further subject to and qualified in its entirety by the Partnership Agreements and the Memoranda of the applicable Funds. This Presentation does not constitute a part of any Fund's Memorandum.

In considering the investment performance contained in this Presentation, prospective investors should bear in mind that past performance is not indicative of future results, and that the actual realized returns of unrealized investments may differ materially from the unrealized returns reported herein. Prospective investors also should be aware that projected performance is neither a guarantee nor a prediction and is not indicative of future results. No representation is being made that any Fund will achieve results comparable to the past, unrealized, or projected performance presented herein, or that any Fund will be able to implement its investment strategy or achieve its investment objectives. Investors in a Fund must have the financial ability and willingness to accept these uncertainties and associated risks, including the risk of loss of investment.

Projected or estimated future returns or operating results are based on Siris' belief about what results may be achievable on investments that Siris has made, or that Siris intends to pursue, in light of Siris' experience with similar transactions. Further, the projected or estimated returns or operating results indicated herein are based on assumptions that economic, market and other conditions will not deteriorate and, in some cases, will improve. Such projected returns or operating results are also based on Siris' current beliefs for the future operations of the relevant portfolio companies, Siris' current views in relation to possible future events and financial performance, and various other models, estimates and assumptions made by Siris, including events that have not occurred, any of which may prove incorrect. Prospective investors should be aware that these statements are estimates or expectations, reflecting only the judgment of Siris. Moreover, actual events are difficult to project and often depend upon factors that are beyond the control of Siris and its affiliates. No representation or warranty is made as to future performance or such forward-looking statements.

Certain information contained herein constitutes "forward-looking statements," which can be identified by the use of terms such as "may", "will", "should", "expect", "anticipate", "project", "estimate", "intend", "continue," "target" or "believe" (or the negatives thereof) or other variations thereon or comparable terminology. Forward-looking statements are subject to a number of risks and uncertainties, some of which are beyond the control of Siris, including among other things, the risks that will be described in the Memorandum. A Fund's actual results, performance, prospects or opportunities could differ materially from those expressed in or implied by the forward-looking statements. Additional risks of which Siris is not currently aware also could cause actual results to differ. In light of these risks, uncertainties and assumptions, prospective investors should not place undue reliance on any forward-looking statements. The forward-looking events discussed in this Presentation may not occur. Siris undertakes no obligation to update or revise any projections or forward-looking statements, whether as a result of new information, future events or otherwise, including to reflect events or circumstances occurring after the date of this Presentation or to reflect the occurrence of unanticipated events.
