AKP with enough seats to make outright constitutional changes
 AKP with enough seats for single party rule but not for constitutional changes
 AKP with enough seats to take constitutional amendments to referendum
 AKP without enough seats for a single party rule

Source: Deutsche Bank
 Note: Votes for 'Other parties' are assumed at 5% uniformly across all scenarios considered above. Hence, seat distribution is based on 95% of votes, and assumed to be distributed only among AKP, CHP, MHP, and HDP (i.e. no independent MPs). This is for illustrative purposes only and prone to estimation/uncertainty errors.
