Classification: **Strictly Confidential**

Pat,

We are in URGENT need of some client information. Please note this is very CONFIDENTIAL.

Is there a way to run a report for all accounts (deposit, custody, etc.) with the following information for the last 18 months:

- Transaction with transaction code
- Description
- Dollar amount
- Date
- Account closing date

We need this to be turned around pretty quickly. Once you tell me it's possible I will send you the relationship name and GCIS #. Thank you.

Kind regards,
Daphne Cales
