Subject: RE: Hospital private REIT equity raise

Robb and Matt,

We've made good progress with a group of potential lead investors on this and are now circling back to investors who may want to invest in a smaller piece of this. Please let us know if you would like to have a discussion.

Thanks,

Stew

Matt and Robb,

Bruce, Zack and I work closely with Stew here at DB and wanted to follow up with the teaser/NDA package for the private markets raise we are currently working on. Please take a look and let us know if you have any questions. After the reviewing the teaser, signing the attached NDA would be the next step.

Kind regards,

Adrienne

Hi Stew,

I've cc'd Matt Ferguson, Cliff's CIO.....he can take a look.

Subject: Hospital private REIT equity raise

Robb,

We are raising ~\$300mm of private equity capital for a new hospital REIT. We are looking for a lead investor to commit \$50mm+ capital and work closely with management as they build out the business. Given your unique experience across health care, real estate and private equity, I thought this might be a fit for you.
