Our sellers represent businesses in a diverse set of industries, including retail, services, food, and leisure. We serve sellers of all sizes, ranging from a single vendor at a farmers' market to multinational businesses. We believe the diversity of our sellers underscores the accessibility of our offerings. We estimate that nearly 50% of our sellers' businesses are owned or operated by women, versus only 30% of U.S. small businesses. The charts below show the percentage mix of our GPV by seller industry and seller size:
