Private Helicopter Tours

Touring Maui by air is one of the best ways to see the island. If you would like to do this on an exclusive basis we are able to arrange private flights. The helicopters hold 6 passengers but if your group is larger we can fly multiple helicopters simultaneously.

Hana & Haleakala Tour

Wonderful exploration of the most popular points of interest on the island. These include Haleakalā National Park, Haleakalā Crater, Manawainui, Oheo Gulch (Seven Pools), Hana town and the Hana Rainforest Preserve, which is the largest rainforest in the United States. See dozens of beautiful waterfalls, Keanae valley, and the rugged shoreline of East Maui.*

Astar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$1,572.58
EcoStar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$1,863.76

West Maui & Molokai Tour

Explore deep, meandering valleys set in the rainforest of the ancient West Maui Mountains. Knife-edged ridges with mist-shrouded peaks separate the spectacular valleys. Waterfalls cascade down from towering cliffs into the streams running along the rainforest floor. See the famous Iao valley and learn about the history and culture of the sights from your pilot. Cross the Pailolo channel to the "Friendly Isle." Molokai has the world's highest sea cliffs, Hawaii's tallest waterfall, remote valleys and the famous Kalaupapa peninsula.*

Astar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$1,572.58
EcoStar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$1,863.76

Complete Island Tour

Imagine taking in all the sights of East Maui including the dormant volcano Haleakala and the rainforest of Hana, then heading deep into the isolated interior of the West Maui Mountains. There is no other place on Earth like it: Steep vertical ridges carve the old volcano into a series of deep valleys that extend from the rain-soaked summit to the coast. The Best of East and West.*

Astar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$1,922.01
EcoStar Private Charter Rate Per Helicopter (Maximum of 6 passengers per aircraft) \$2,368.57

Activity Level: Easy-Minimal physical activity required
