Rich –

Closing the loop on today's trading, ROTH FP closed at 28 EUR on 12,414 daily volume.

DB did trade small today, ~ 3,000 shares, split between High Touch and Low Touch which is usually the case for this name. The big International houses generally see Low Touch business, where the boutique houses dominate the High Touch. DB has good relationship with many of these boutique shops that work High Touch orders (as yours would be), so let us know if you'd like to discuss further per my prior note about working smaller size.

Speak Soon,

Tazia
