Hi Stewart,

The below User has not upgraded to the **RDC 8.2.14** software. The deadline is **January 31st**, but we want everyone upgraded by next week in case of any problems.
Once the deadline passes they won't be able to login.

Instructions are attached for their convenience. They can call Firdaus Madiar (212)454-2238 or myself if they're having difficulties upgrading the software.

Thanks for your cooperation.
