Paul/Stew,

The distribution has been approved. See attached for material and below for approved email intro. Let me know if you need me to send from your computer.

In our latest CIO View Special "The limits of monetary policy: Are central banks losing their magic touch?" we take a closer look at the monetary policy of central banks around the world and ask whether they are running out of ammunition. What are the side-effects of the measures taken so far, and how should investors respond going forward?

Additionally, we are hosting a client conference call and webcast, **Second Quarter Global Outlook**, with **Larry Adam**, Chief Investment Officer and Chief Investment Strategist, Wealth Management–Americas on Tuesday, April 19 at 12:15 p.m. ET.
