*Structured products may not be suitable for all investors due to illiquidity, optionality, time to redemption and payoff nature of the strategy. We or our affiliates or persons associated with us or such affiliates may: maintain a long or short position in securities referred to herein, or in related futures or options, purchase or sell, make a market in, or engage in any other transaction involving such securities, and earn brokerage or other compensation. Calculations of returns on the instruments may be linked to a referenced index or interest rate. In such cases, the currency, other than the investor's home currency, will be subject to changes in exchange rates, which may have an adverse effect on the value, price or income return of the products. These products may not be readily realizable investments and are not traded on any regulated market. Additional risks to consider involve interest rates, currencies, credit, political, liquidity, time value, commodity and market risks.*

*Structured Products are offered only to investors who qualify as an "accredited investor" as defined in Rule 501(a) of Regulation D under the Securities Act of 1933 and is a "qualified purchaser" as defined under the Investment Company Act as amended (the "1940 Act"), and the rules promulgated there under. The securities will not be recommended by any United States Federal or State Securities Commission or regulatory authority.*
