Hi Diana,

We are looking for some KYC information on a client. Do you know who can provide us with this information? We are being told an LS2 facility cannot be setup without these docs (which we need to set up an OTC collateral account). Apparently, Gideon Pinedo helped with this process in the past. Thanks.

Hi Surenda,

We do need this set up. I am trying to track down these documents, not sure who has them.

When the dummy account is set up in LS2, who normally provides these docs?
Thanks.

Hi Keith,

Generally we do not required the below information in order to setting up a New DDR account.(If the Client is already On boarded to LS2). However in this case, We do not see the client is onboard to LS2, in order to onboard the client, Customerbuild team would require the below information. Once the client is onboard, we will go head and create the collateral account.

Please note – CRM or the requester used to provide the below requested information to Customerbuild team whenever there is a necessity to onboard a new client.

Please feel free to reach out to me if you have any question.
