Hi Martin,

I'm verifying with the KYC team that the provided documents and the information below fulfills all of the requirements. We have this account set as one of the highest priorities in our pipeline, so operational setups will be focused on as soon as this piece is settled.

Thanks,

Zack

Zack,

See attached for what Nina Tona sent in the last email in this chain and I am adding the Formation Document. This should complete everything you asked for in your email from March 13.

We have a pending trade with the client in credit derivatives next week. Can you please put this as a priority?

Source of Wealth:

The source of wealth is Jeffrey Epstein as the sole shareholder. Jeffery Epstein began his financial career in 1976 as an options trader at Bear Stearns and became a partner in 1980. In 1982, Epstein founded his own financial management firm, J. Epstein & Co., managing the assets of clients with more than a billion in net worth. In 1996, Epstein changed the name of his firm to The Financial Trust Company and based it on the island of St. Thomas in the US Virgin Islands, which merged into Southern Financial LLC. All of his clients were anonymous except for the very wealthy businessman Leslie Wexner. His wealth has come from his days at Bear Stearns and his financial management firms.

Hi Martin,

I just received the finalized KYC review yesterday. Even though the entity is opened for other products, it is outside of its KYC review date and is triggering a high risk rating. In order to approve the account, the team will need the following:

- Ownership - Broken down to 10% (Org chart with %'s of ownership or confirmation from Senior Client Rep explaining the ownership breakdown)
- Legal Reps – Identify and Verify
- UBO's - Identify and Verify
- Source of Funds – Identification & Verification (Annual Report)

Zack,

Please go ahead and set them up for credit derivatives as well as convertible bonds. The credit derivatives is a priority and rather urgent. Client is ready to trade.

Hi Xavier,

Nothing else is needed from your end at the moment. I will send this request to the KYC team for review and then setup. Can you confirm Credit Derivatives is the only necessary extension? I know Convertible Bonds were also in the discussion.

I see the BR 1007494283 set up for a decent amount of products already. See below.

Jane – NCA is still in progress. Rita and her team are working on it. They stopped the NCA once they found out it was in red. Jitan will inform them now to complete the NCA.

@Jitan – Please inform Rita to continue with the NCA.

+Aziz and Tanu

Hi Monika,

This was a WM US retain from the Offboarding Clearing House process, that currently reflects in the overall CIB file colour (not coverage colour). Hence green.

Nina – was NCA completed? We can't see it reflected in dbCAR (still appears delinquent) but I know that is part of the broader conversation that Julia is having with Paul Chapman.

Thanks

Jane

Hi Xavier

The GB adoption location is Red across all business but this is CIB Green for the US adoption location – as one of the businesses has asked to retain this. @Jane please confirm which business asked to retain?

In these instances, the GM products will not be offboarded if another business has asked to retain and the KYC/ACO responsibility sits with that business.

However, please also be aware that this is a High Risk client which is KYC deficient and was last reviewed in 2015.

Please let me know if any other questions.

Kind regards,

Ian, thanks for the call.

So Rita who is the Case Manager seems to suggest that she sees Southern Financial Red and therefore we cannot extend it to Credit Derivatives, while we think we should see this Green from a KCP perspective.

Bu you explain to me that the Red might be only when it comes to your ICG world.

Can you pls clarify if this client is Red for everyone including KCP and if so how do we turn it Green, as discussed this is an example of a KCP Americas account that is ACOed by us, in this case myself.

Thanks
