Hi Xavier,

Nothing else is needed from your end at the moment. I will send this request to the KYC team for review and then setup. Can you confirm Credit Derivatives is the only necessary extension? I know Convertible Bonds were also in the discussion.

I see the BR 1007494283 set up for a decent amount of products already. See below.

{cid:image004.jpg@01D3B481.24466390}

Thanks,

Zack

Hi Rita/Mat, let us know what we need to extend SF to Credit Derivatives as the client is still live in one trade they want to execute.

Thanks

I'll take this one for Jitan.

As CIB green please proceed with the NCA process and the inherent KYC update.

Thank you

Jane – NCA is still in progress. Rita and her team are working on it. They stopped the NCA once they found out it was in red. Jitan will inform them now to complete the NCA.

@Jitan – Please inform Rita to continue with the NCA.

Thank you

Nina Tona

+Aziz and Tanu

Hi Monika,

This was a WM US retain from the Offboarding Clearing House process, that currently reflects in the overall CIB file colour (not coverage colour). Hence green.

Nina – was NCA completed? We can't see it reflected in dbCAR (still appears delinquent) but I know that is part of the broader conversation that Julia is having with Paul Chapman.

Thanks

Jane

Hi Xavier

The GB adoption location is Red across all business but this is CIB Green for the US adoption location – as one of the businesses has asked to retain this. @Jane please confirm which business asked to retain?

In these instances, the GM products will not be offboarded if another business has asked to retain and the KYC/AC0 responsibility sits with that business.

However, please also be aware that this is a High Risk client which is KYC deficient and was last reviewed in 2015.

Please let me know if any other questions.

Kind regards,

Hi Xavier

I've reached out to Central Mercury to find out the CIB colour - I will update as soon as I hear back.

Kind regards,

Ian, thanks for the call.

So Rita who is the Case Manager seems to suggest that she sees Southern Financial Red and therefore we cannot extend it to Credit Derivatives, while we think we should see this Green from a KCP perspective.

Bu you explain to me that the Red might be only when it comes to your ICG world.

Can you pls clarify if this client is Red for everyone including KCP and if so how do we turn it Green, as discussed this is an example of a KCP Americas account that is ACOed by us, in this case myself.

Thanks

Xavi
