Hi

As you confirmed that we need to disregard the on-line banking request. So, please remove tick mark from "DB Private Wealth Online Plus" and send us revised first page of deposit account opening applications for both the accounts.

Hi Kusam,

Apologies. I was out of the office last week and am only just getting to this. I am a little unsure how to answer the below. The company is registered and resides in the US Virgin Islands. Due to that there is no state for the company. How can #1 and #2 be fixed?

For #3 please disregard the request for online banking. We will get them access to that after the account has been set up

Hi Amanda,

1. State is missing on Deposit account opening application for both the accounts.
2. Please confirm us the state name and country name. As we have both options (foreign and US Virgin Islands).
3. For online banking, only online banking application is missing. Please provide us the online banking application.

Thanks,
Kusam Saini

Hi Kusam,

Thanks you. I know KYC is not approved but it should be shortly. Is there anyway you can look at the account opening documents now so that I can fix any issues there may be? This way the process can be expedited once the KYC is approved.

Thank you
