Paul, thank you for your note. We just double checked and Gratitude America's formation docs lists JE as president and the entity's KYC lists JE as source of funds. Please complete the request form whenever possible – Ari can help. Thank you, Daniel

Daniel, isn't Gratitude America a 501-3c? Epstein is not an officer of this and don't think was funded with his \$. I'll be back in NY Thursday. If we still need to do the external due diligence on this one let me know and I can do over the phone with Ari and you can submit. Thanks

Paul,

Per our conversation, the reputational risk committee has requested an external due diligence report as a step towards the approval for opening an account for Gratitude America. This report takes about eight business days to be completed, but we need you to please complete the attached request form to get it started.

The committee has informed us DB personnel cannot disclose to the client this matter is being evaluated for reputation matters. They have asked that, when inquired, we communicate to the client "we are in the process of internal due diligence to review the opening of this account, as it is done with all new accounts".

Ari can help fill in any information you need in this form.

Thank you in advance,
Daniel
