Danya/Cherie –

I know that these transaction were cleared from an OFAC Perspective.

However, I was just curious if you have looked at these from a broader AML/-
Negative Media perspective. I know these a relatively small amounts, but
it seems odd that Mr. Epstein would be sending payments to various
individuals in Russia.

I suggest an inquiry to the RM to inquire why Mr. Epstein is sending
periodic, small payments to an individual in Russia where the payment
instructions list the name of a woman named "[REDACTED]" and no other
information. You should ask to RM to find out, among other things – the
specific purpose of the payments, who is [REDACTED] (the beneficiary) and who
is "[REDACTED]".

Kind Regards,

Wayne Salit

Hi Danya,

Thank you for escalation these transactions. We confirmed that the transactions are screened in Hotscan and Hotscan did not stop this transaction for [REDACTED]. Though [REDACTED] and [REDACTED] are parts of OFAC SDNs, there is no evidence that [REDACTED] is an OFAC SADN.

Best Regards

Felix

Felix,

Please see attached. Sorry for the delay. I was having issues with OnDemand. I had to uninstall/reinstall it.

For 15916650 it appears twice in OnDemand (CPS and FRB). Let me know if you need a pdf of the other instance (provided CPS).

The others only appear once.

Hi Louie,

Can you please try to identify the attached transactions in OnDemand as these transactions are expected to be screened in Hotscan.

Best Regards

Felix

Subject: PRIME OFAC Case Escalation [C]

Classification: Confidential

Good Morning:

I've got a PRIME OFAC Alert I need to escalate: 297715. It refers to an Outgoing Wire being sent to an account holder named [REDACTED], who has an account with SBERBANK OF RUSSIA ([REDACTED]), which is an exact match. The account has sent a total of 3 transactions to this person at SBERBANK (see attached).

Please advise. Thanks!

Kind regards,
Danya Friedman
