Thank you for the response Cynthia.

Team, this is not the wire I am asking about. Please see the incoming wire listed below from HSBC. I see the \$23,000,000.00 incoming wire from the Private Bank account and that is not/was never in question. I need to know where these funds originate.

10/27/2016, \$6,186,980.68, HSBC SECURITIES SERVICES (IRELAND) DAC at HSBC BANK USA, NATIONAL ASSOCIATION

All,

The originating wire came from the client's account called Southern Trust Company, Inc account number 44129244. This wire was not submitted through HSBC but through Bank of New York in order to be placed into their N4G account for the art purchase. The beneficiary is our client Jeffery Epstein as the originating party and the art purchaser. Please let me know if you need anything else.

Kind regards,

Cynthia Rodriguez

Please specify the originating account so that I can confirm this transaction, after searching PRIME and DB FORCE (our PB systems, I am unable to locate the transaction). Also, any idea as to why, if this is an internal transfer, that funds are being sent through HSBC?

Just to clarify, the funds came in from client's Private bank account (in house – from DBTCA account/PB into his DBSI account).

Thanks

Good Morning and thank you for the quick response. Just to clarify, the below response is only answering my questions regarding the Outgoing Transfers and both of these transfers were towards the purchase of art? We will need the ultimate originator for the Incoming Transfer. Also, once again, just to clarify, we have the KYC on the HAZE TRUST, we need the source of wealth for the beneficiaries if available.

Thanks again! I hope everyone has a great weekend!

Adding Stewart Oldfield, primary relationship manager who can confirm the below.

1. What is the purpose of the Outgoing Transfer?

Purchase of Art.

2. What is the relationship between Beneficiary and Client?

Per our conversation with client – the beneficiary in this situation is an escrow account in which the cash will be held until art is delivered.

3. Please provide the source of wealth for these entities.

Stewart – can you please add here the Private Bank KYC, which I believe includes the SOW for this client? Thank you.

Best,

Vahe

Good Morning:

As a part of the anti-money laundering monitoring program, the Actimize system is used to automatically identify transactions that meet certain high risk transaction patterns. When transactions occur which mimic those patterns, the activity must be researched to confirm that it is legitimate.

In a small percentage of these cases, Compliance must contact the Wealth Advisor for additional information about the transaction(s) in order to conclude the research process. Your response is required for the Bank to comply with federal guidelines for concluding the research of these matters in a timely fashion. Your complete response must be received within 7 business days.

To the best of your ability, please provide details regarding the item(s) below:
