Amar Siad is a professional photographer. The other two are students.

Generally, Jeffrey has separate accounts to manage each of his properties. This is one of them. However, when making one-off transfers to people, he and his finance staff have the flexibility to use any account they like that is funded (and in this case setup for online banking).

Thanks

Thank you for your response. I have some follow up questions:

Per KYC# [REDACTED], the purpose of this account/entity is for "maintaining payroll and maintenance related expenses of Jeffrey Epstein's private residence". Why is client using this account to loan funds and pay school tuition?

Also, please provide the professions/source of wealth for each of the

counterparties.
