The reality is that most of that went away when we closed all of the IB trading relationships. And it isn't really possible to do anything credit bearing OTC without the markets accounts and ISDA.

Generally we are talking about purchase of fx options I think. Let's add this to the discussion agenda for next week. See you soon

Generally I think we can just do listed options in your wealth management brokerage accounts. We don't have investment banking/OTC capabilities for you unless we can trade via long form confirmation. Copying Vahe who can clarify.

Thanks

are we able to do any of the following trades in our accounts

Trade fx forwards and options
