Hi Brad,

Just to confirm that yesterday PWM charged the client an instructed Return Items to Return the check. This means that an advice will be generated and sent to Return Items by FIS. Upon receipt, Return Items will re-associate the check to the advice and mail to the client (see attachment). This is the procedure in place for PWM return checks.

I am reiterating, as per your e-mail below dated 9/28, you would like for the check to be re-deposited. This means that Return Items will be preparing a deposit ticket and submit to FIS for processing. Looking

forward to your confirmation.

Kind regards,

Joy Mitchell

Our client just spoke with Banco Popular in St. Thomas. Banco Popular informed them that they are now up and running.

Can we try to re-deposit the check?

Brad

Hi Bradley,

PWM can pass the credit and hold the difference in a suspense account, given the uncertainty as to when the check can be deposited again or Mr. Epstein should explore another option for this transaction. I suggest he call Banco Popular to see if they might be able to wire the funds into his PWM account.

Thanks,

Julian

Hi,

The check in question is drawn on Bank Of America located in St Thomas, US Virgin Island. This is one of the Islands that is affected by the hurricane and it seems that the check did not make it to the bank for payment. I would suggest that the client be debited and maybe the check re-deposited at a later date.

Can you please answer for below question or Bradly which is related with one item of Deposit return :-

The check shows that Jeffery Epstein, made a check out to himself, from a Banco popular account to be deposited in an account in his name at DB.
