Other Terms:

Indicative Prices

: DB agrees, subject

Friday, March 02, 2018

to the existence of normal market and funding conditions as determined by DB in its reasonable discretion, to use its reasonable efforts to compile

non-binding indicative prices ("Indicative Bid Prices") for the Notes on each Business

Day and put such prices on a privately available Autobahn Page, as set up by DB. In

the event and as long as DB becomes aware that the Autobahn Page is unavailable or

inaccessible for technical reasons, DB will make reasonable efforts to provide the

relevant Indicative Bid Prices via email.

Any such Indicative Bid Prices shall be determined in DB 's sole discretion in a

commercially reasonable manner,

taking into account the prevailing circumstances

including the credit risk of the issuer of the financial instrument and other price affecting

factors. An Indicative Bid Price for a financial instrument represents a non-binding

indication (determined by DB at its sole discretion) of the price which DB might have

paid to decrease the size or notional amount of a such instrument as of the date

specified, but does not represent a firm bid price or an economic assessment of the

instrument or a valuation as of such date. Indicative Bid Prices do not represent the

terms at which new transactions or instruments could be entered into with DB or the

terms at which existing transactions or instruments could be liquidated or unwound with

it. Should DB subsequently quote firm bid or offer prices to decrease or increase the

size or notional amount of a transaction or instrument, which it is under no obligation to

do, such firm bid or offer prices may differ from the most recent Indicative Bid Prices for

such transaction or instrument. Depending on the volatility of market conditions, the size

or notional amount of the decrease or increase and other factors, the differential could

be substantial.

Any such Indicative Bid Price will be for a notional amount of TRY 500,000 of the Notes, unless a larger bid size is requested. It is understood that an Indicative Bid Price for a different size of the underlying may yield a substantially different bid price. It is agreed that DB will provide Indicative Bid Prices as an accommodation only and that such Indicative Bid Prices cannot be relied upon for any purpose. DB shall not be liable for (i) any failure to provide Indicative Bid Prices, or (ii) any errors or omissions made in calculating or disseminating the Indicative Bid Prices. DB specifically disclaims any liability for any losses or damages (incidental, consequential or otherwise) that may arise from the Indicative Bid Prices being used for any purpose by any other person.
