Subject: Coned and GE through TRS [C]

Classification: **Confidential**

Jeffrey,

Per Rich's suggestion, we priced long TRSs for GE and ConEd (without the sale of a call option). We could provide the same financing terms on a \$20mm notional equivalent (1mL+75bps, with \$0.03 commissions in and out). The IA for these names would be 20%. As discussed, you could use equities at a 50% haircut as this IA.

GE and ED have had high dividend history (GE has a 12m yield of 3.67% and ED, 3.51%).

Regards,
Daniel
