Subject: Account # 35266976, Client: JEFFREY EPSTEIN, Alert # 56381 [I]
Importance: High

Classification: For internal use only

Good Morning,

As a part of the PWM anti-money laundering monitoring program, the PRIME system is used to automatically identify transactions that meet certain high risk transaction patterns. When transactions occur which mimic those patterns, the activity must be researched to confirm that it is legitimate.

In a small percentage of these cases, Compliance must contact the Wealth Advisor for additional information about the transaction(s) in order to conclude the research process. Your response is required for the Bank to comply with federal guidelines for concluding the research of these matters in a timely fashion. Your complete response **must** be received within 7 business days.

To the best of your ability, please provide details regarding the item(s) below:

ORIGINATOR: JEFFREY EPSTEIN DOA: 09/18/2014, 09/17/2014 and 09/22/2014 AMT \$125,000.00; \$87,955.98; \$49,648.88 Wire To: CYPRESS INC, ROLLS ROYCE PLC, and [REDACTED]

1. What is the purpose of the outgoing wires?

2. What is the relationship between Andrew J Bendheim and CYPRESS INC, ROLLS ROYCE PLC and [REDACTED]?

3. In what industry is CYPRESS INC and [REDACTED] involved?

Thank you in advance for your prompt attention to this matter.

Kind regards,
Danya B. Friedman
