

# KCP-US Capital Markets Mandate

- **Trade Idea Generation**. Generate daily cross-asset trade ideas for KCP-US clients by utilizing entire suite of DB Resources: Global KCP Capital Markets Team, DB Markets Research, DB CB&S Trading Desks, AWM Global CIO, etc.
- **Market Content and Delivery**. Reach out to clients daily/weekly to provide relevant market color, leveraging the work of colleagues in EMEA. Create quarterly Cross Asset Class Deck to aggregate best thinking across DB research globally for KCP-US clients.
- **Trade Execution**. Institutional global trade execution for KCP-US clients.
- **Account Monitoring**. Monitor client positions, proactively updating clients about significant/relevant market events, and identifying opportunities for follow-on investments/trades.
- **Cross Sell**. Leverage daily capital markets dialogue with KCP-US clients to uncover other credit, private market, and corporate finance opportunities.
- **New Client Generation**. Generate new client relationships by working closely with KCP teammates, PCS/Private Bank Relationship Managers, other divisional partners, and existing clients (i.e. referrals).
