Hi Jeffrey - looping in Nav and Paul. To recap:

We will find a few funds, which we think have best performance characteristic and best fees for u. Loan Funds better than single loans as u don't need to bother booking single loans and servicing them. If we do decide to go bespoke best to do it in stage 2.

just giving u broad characteristics of loan funds so that we are on the same page.

- 1) typical ratings for loans range between single B to BBB, the best loan funds concentrate on first lien collateralized senior loans
- 2) have daily NAV and MTM typically (to clarify these funds are not money market funds where price is par). Redemption liquidity ranges from daily to 90 days depending on fund.
- 3) spreads still around L + 3%-3.5%, duration close to zero as floating rate product.
- 4) size we are thinking is 10mm of cash from you, with 70% LTV so total size is 33mm levered right ?
