Thanks Daphne.

Is there anyway to change that for a given client? For context this client (Southern Financial) has around \$200MM at the bank spread over 20+ entities each with multiple accounts. This is a really contentious point for them.

Appreciate he help.

Good morning.

Accounts with \$0 balances for 90 days are closed automatically on the system. No notification required – if you look at page 43 of the terms and conditions it says we can close an account without notification. It is the account executive/banker/RO's responsibility to make sure accounts are funded and remain active.

Let me know if you need anything further.

Daphne Cales

Hi Halina--

One of our clients tried to transfer money today to an account which was auto closed due to inactivity (Mort, Inc. a/c 42959017). They are furious because they say they did not receive notification of the closing. Do you know who is in charge of that and if we keep records for mail that was sent? If you don't know, can you help point me in the right direction? This is very time sensitive because the client is so upset.

Much appreciated.
JJ
